CLEAN AIR IS EVERYBODY'S BUSINESS

RIDESHARE

SHARE THE RIDE

Commuting to work on congested freeways is time consuming and stressful. By using a wide range of ridesharing options, employees can save time, money, reduce stress, reduce traffic and improve their health by improving the air quality in Los Angeles County.

Carpooling

Two or more people in one car driving to and from work make carpooling a reality. Carpooling is a low-cost rideshare option; just split the cost among all the riders. For assistance in finding a carpool partner or a Ride Guide, you can dial 511 or 323-GO-METRO, visit www.commutesmart.info or call your Employee Transportation Coordinator (ETC).

Vanpooling

County employees are encouraged to form "independent" vanpools with co-workers or near-by private/public sector employees. For VPSI, dial 800-826-7433 or visit on the web at www.vanpoolusa.com or call Enterprise Rideshare at 888-557-0703 or on the web at www.vanpools.com. You can also contact your ETC. Dial 213-974-2619 for more information

RIDESHARE L.A. COUNTY

You can help make L.A. County a great place to work and live by ridesharing one day a week or more. A full range of commuter options can provide ridesharing solutions that reduce stress, costs and air pollution.

Public Transit

Commuting to work by public transit can be stress free, convenient and economical. For information on routes, ticket prices, schedules and ADA accommodations, dial 511 anywhere in Los Angeles or Orange County from a landline or cellphone.

MTA Light Rail

For light rail information on service hours, rates schedules and routes for the Red Line services to-from Hollywood, Blue Line services to-from Long Beach, or Green line services to-from Norwalk-Redondo Beach, dial 511 or visit www.metro.net.

Guaranteed Ride Home (GRH)

Employees that Rideshare are eligible for a "guaranteed ride home" in emergency situations. So there is no need to be anxious about Ridesharing; GRH was designed to get you home in case of illness or an emergency. Contact your ETC for more information.

WORKPLACE OPTIONS

Today's technology allows County employees to effectively replace traveling to work with "Telework". The Commuter Benefit Program provides a discount in transit purchases through a pre-tax deduction. Dial 213-974-2619 for more information.

Telework

A management option, teleworking at least one day a week can benefit both the employer and the employee. Once approved by management, employees sign an agreement, receive training and track cost savings to both the employer and employee. The environmental benefits are amazing and work productivity can increase. Dial 213-974-2619 for more information.

Alternate Work Schedules

A management option, working a 4/40 or 9/80 work schedule can reduce traffic and air pollution. Discuss this option with your immediate supervisor or Manager.

Metrolink

For rail services information to the Antelope Valley, San Bernardino County, Ventura County, Riverside County, Orange County and the Inland Empire, dial 800-371-LINK or visit www.metrolinktrains.com.

Ridesharing just one day a week can enhance our air quality!
